

The foundation of the modern ceramic industry was laid in the country in 1958.

In last 10 years the industry has witnessed 200 per cent growth in production, and has been capable of meeting 90 per cent of local demand.

Local industries are now capable of manufacturing more than 20.5 crore square meters of tiles, 1.43 crore pieces of sanitary-ware and 25.88 crore pieces of table-ware.

Low labor cost and affordable gas price are our strength.
