Message

The art is like a mirror. The Art of Bangladesh, therefore, reflects the beauty and richness of Bangladesh, and the resilience and aspiration of its people. I am glad to learn that an art exhibition is being held on 26-31 March 2024 at Bangkok Art and Culture Centre, Bangkok in celebration of the Independence and National Day of Bangladesh with the participation of artists from both Bangladesh and Thailand. The theme of the exhibition “*Dreams of Colours: Connecting two Peoples and two Lands*” is very much timely and well thought in view of forging ties between our two friendly countries.

Art connects people. I am confident that the paintings and artworks, which will be on display, will be able to connect the art lovers vis-a-vis the peoples of the two countries, more than ever. I hope that the exhibition generates interest in Thailand, inspires art connoisseurs, intelligentsia and people in general in Thailand and further cements our bilateral relations; as well as creates interest among the Thai people to explore other facets of Bangladesh.

I wish the exhibition great success.

Message from the Minister of Culture of the Kingdom of Thailand
for the “Dreams of Colours Connecting Two Lands and Two People” Exhibition
on 26-31 March 2024 at the Bangkok Art and Culture Centre

I would like to warmly congratulate the Embassy of the People’s Republic of Bangladesh and all related parties on the organization of the “Dreams of Colours Connecting Two Lands and Two People” Exhibition. The event features remarkable paintings from talented Thai and Bangladeshi artists, presenting their respective culture. This exhibition will foster mutual understanding between Thai and Bangladeshi people through creative and meaningful art.

In the past five decades, from the establishment of official diplomatic relations in 1972, the friendly relations between Thailand and Bangladesh have flourished. Our significant bilateral ties cover social, political, economic cooperation and cultural exchanges. The strong people-to-people contacts are a firm foundation of our comprehensive relationship. This event will surely open a new window for potential cultural exchanges between Thailand and Bangladesh.

On this special occasion, I hope this exhibition will allow Thai and Bangladeshi people the opportunity to discover great Thai and Bangladeshi contemporary art. I also hope that it will help promote the works of Thai and Bangladeshi artists as well as strengthen the cultural relations between Thailand and Bangladesh.

Bangladesh is a land of flora and fauna, rivers and waters. Here, climate varies at different times of the year. The once blue sky becomes black with clouds during monsoons. The soil that smiles with the green of the crops, soon turns a rough brown. In spring, orange and yellow flowers cover the paths and fields. As a result, like nature, the human mind also changes from time to time. Seeing the waves of the water, turnings of the river, our inner minds also tend to turn abruptly. Seeing the smile of flowers, our hearts also fill with joy. People become blusterous when they see the might of the North-wester. People of this country sing songs, draw pictures, work with resilience, enjoy festivals. Nature then becomes their mentor. They portray their dreams with colours, bring them in their canvasses. In this exhibition, a section of the contemporary artists of Bangladesh has presented the dreams of colours.

Human can connect to each other easily. They understand each other's language. Their passions, their dreams so often come closer. Physical distance does not remain a barrier there. This reality is at work when the painters paint, artists think. Apart from oral language, colour and canvas then become the link. An artistry and aesthetics become a link. Wherever we are, we all dream of a beautiful world. We would like to explore that sense of beauty that prevail among the people of Thailand, among the art and artists of Thailand. We are here to perceive the dream of that beautiful tomorrow.

On behalf of the participating artists from Bangladesh, I express my gratitude to the Embassy of Bangladesh in Bangkok, particularly to Ambassador Mohammed Abdul Hye, for initiating this opportunity for us. We remain steadfast for extending our full support for any possible future cooperation that ensures promoting of arts and culture. I also express our gratitude for the cooperation of the Thai side, particularly for the tireless works of Ms Pojjana Paniangvait. We are overwhelmed with the glimpse of Thai rich culture and hospitality, with the touch of cordiality from Thai people. As we came to Thailand to pursue for dreams, we will be delightful if fellow Thais find a trace of our dreams in our canvasses.
