BANGLADESHI FRUITS FAIR

22 June 2023
Embassy of Bangladesh, Stockholm

The Embassy of Bangladesh in Sweden organized the Bangladesh Fruits Fair in Stockholm on June 22, 2023 as an effort to introduce Bangladeshi fruits abroad.

Foreign diplomats, invited guests and Bangladeshi expatriates from different parts of Sweden participated in the fair.

All the delicious and nutritious fruits grown in abundance throughout Bangladesh were displayed at the fair, and guests were fascinated by the delicious taste and fragrance of the fruits.

The Ambassador of Bangladesh H.E. Mr. Mehdi Hasan said, "We are pleased to organize such a fair for the first time in Sweden with our Bangladeshi fruits. I think it is possible to highlight the taste and nutritional quality of Bangladeshi fruits in different countries around the world through this fair organized by the Embassy. The overwhelming response from guests at this fair has inspired us and I believe the demand for Bangladeshi fruits in the Swedish market will increase further. "

This fruit fair organized by the Embassy is believed to assist in the expansion of Bangladeshi fruits and agricultural products in Sweden and other Nordic countries and provide more scope for business in this sector in the future.
